1. System Overview

TAHub is a teaching assistant recruitment management system for BUPT International School. The system allows TAs to browse and apply for positions, MOs to publish positions and review applications, and Administrators to manage accounts, positions, and workload risks centrally.

The system provides different access points and permissions by role:

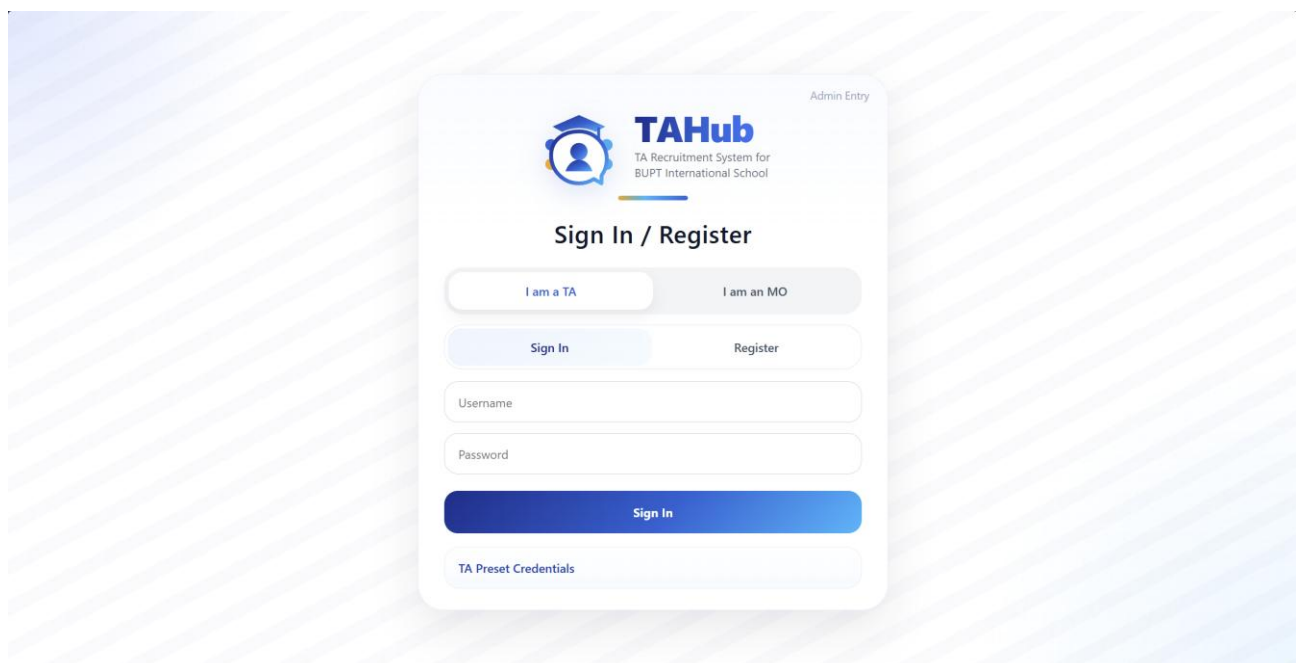

Role	Main Purpose
TA	Register/log in, complete personal profile, upload resume, browse jobs, save jobs, submit applications, and view application progress and notifications
MO	Register/log in, post and maintain jobs, view applicants, update application statuses, view TA profiles and resumes, and use skill matching
Administrator	Log in to the admin backend, manage TA/MO accounts, reset passwords, freeze/unfreeze accounts, maintain jobs, and view monitoring metrics and the workload dashboard

2. Accessing the System

After deployment, open the system address in a browser. The default access address provided by the deployment script is:

http://localhost:8080/TA_Recruitment/

If the deployment environment changes the port number or application path, use the actual deployment address. After entering the system, you will be automatically redirected to the login page.

3. Login, Registration, and Sign-out

3.1 TA or MO Login

1. Open the login page.
2. In the role area, select I am a TA or I am an MO.
3. Select Sign In.
4. Enter your username and password.
5. Click Sign In.

After a successful login:

Login Role	Default Landing Page
TA	TA Dashboard / Job Board
MO	MO Home / TA Directory
Administrator	Admin Home

The login page displays Preset Credentials for the test environment, which can be used for demonstrations or testing. The default accounts in the current seed data include:

Role	Username	Password
TA	ta001	ta123456
MO	mo001	mo123456
Administrator	admin001	admin123456

3.2 TA or MO Registration

1. Open the login page.
2. Select I am a TA or I am an MO.
3. Select Register.
4. Fill in your name, Student ID or Staff ID, username, password, and password confirmation.
5. Click Register.
6. After registration succeeds, return to the login page and log in with the new account.

Registration restrictions:

- Only TA or MO accounts can be registered.
- Administrator accounts cannot be self-registered.
- The password must contain at least 6 characters.
- The username and User ID must not duplicate existing accounts.

3.3 Administrator Login

1. Click Admin Entry on the login page.
2. Enter the administrator username and password.
3. Click Sign In.

3.4 Sign-out

Click Sign Out in the upper-right corner of any role homepage to sign out. After sign-out, the system returns to the login page.

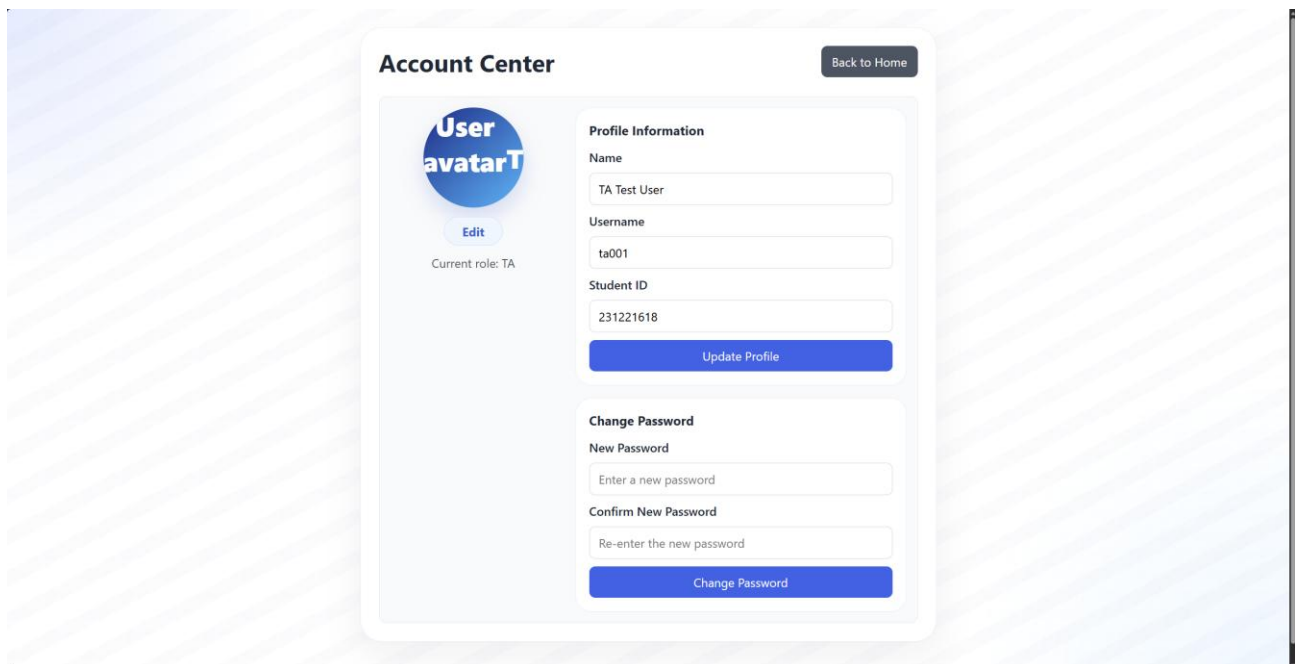

4. Common Function: Account Center

TAs, MOs, and Administrators can all enter the Account Center through the avatar in the upper-right corner.

In the Account Center, you can:

- Upload or change your avatar.
- Change the display name.
- Change the username.
- View the read-only User ID.
- Change the password.

Supported avatar formats: PNG, JPG, JPEG, GIF, and WEBP. The password must contain at least 6 characters.

5. TA Instructions

5.1 TA Homepage and Job Browsing

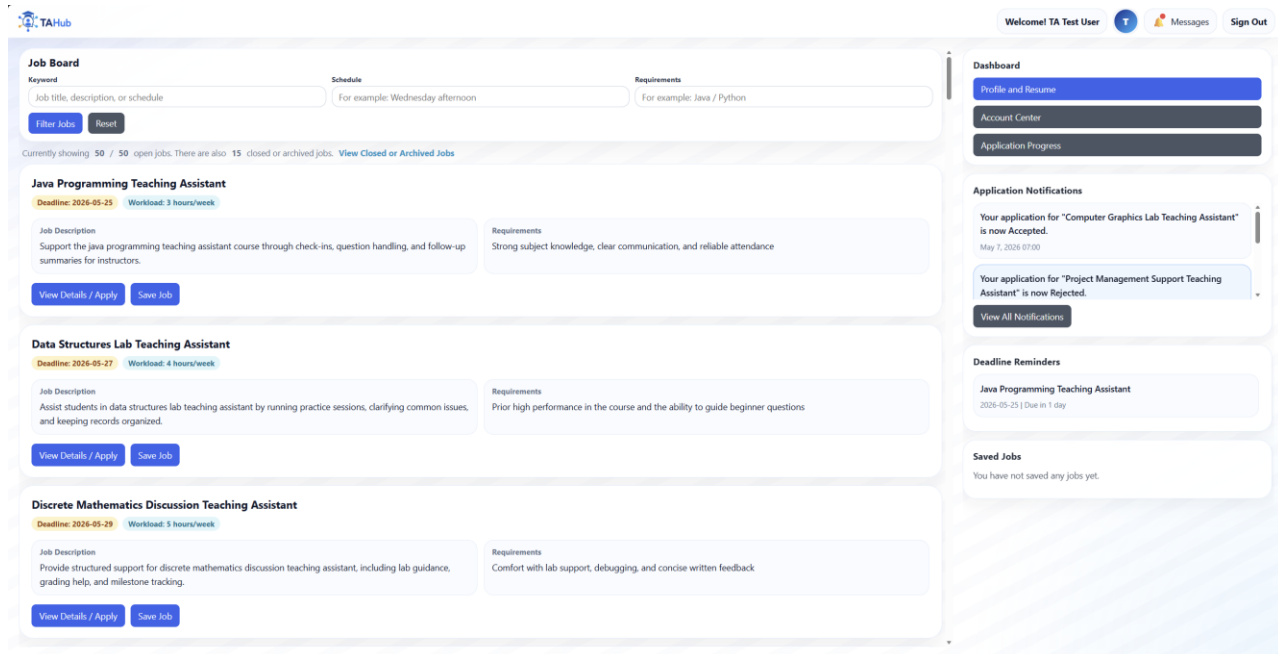

After logging in, a TA enters the TA Dashboard. The main area is the Job Board, and the right side is the Dashboard.

The Job Board supports:

- Searching job titles, descriptions, requirements, schedules, or workloads by Keyword.
- Filtering schedules by Schedule.
- Filtering skill requirements by Requirements.
- Viewing the number of open jobs.
- Viewing Closed or Archived Jobs.
- Opening job details.
- Saving or removing saved jobs.

The right-side Dashboard provides:

- Profile and Resume: Enter the profile and resume page.
- Account Center: Enter the account center.
- Application Progress: View application progress.
- Application Notifications: View notifications about application status changes.
- Deadline Reminders: View jobs that will close within the next 14 days.
- Saved Jobs: View saved jobs.

5.2 Completing the Profile and Uploading a Resume

Before applying for a job, the TA should complete the profile and upload a resume.

Steps:

1. Click Profile and Resume on the right side of the TA Dashboard.
2. Select a resume file in the Resume Upload and Auto-Fill area.
3. Click Save Resume to upload the resume.
4. To let the system extract information from the resume, click Auto-Fill.
5. Check and complete the personal information.
6. Click Save Profile to save the information.

Profile fields include:

- Name
- Student ID, read-only and taken from the current account
- Email
- Programme
- Skills
- Experience
- Availability

Supported resume formats: PDF, DOC, and DOCX.

5.3 Saving Jobs

Click Save Job on the Job Board or in a job list to save a job. A saved job is shown as Remove Bookmark; click it again to remove the saved job.

Saving a job is only for personal tracking and does not submit an application.

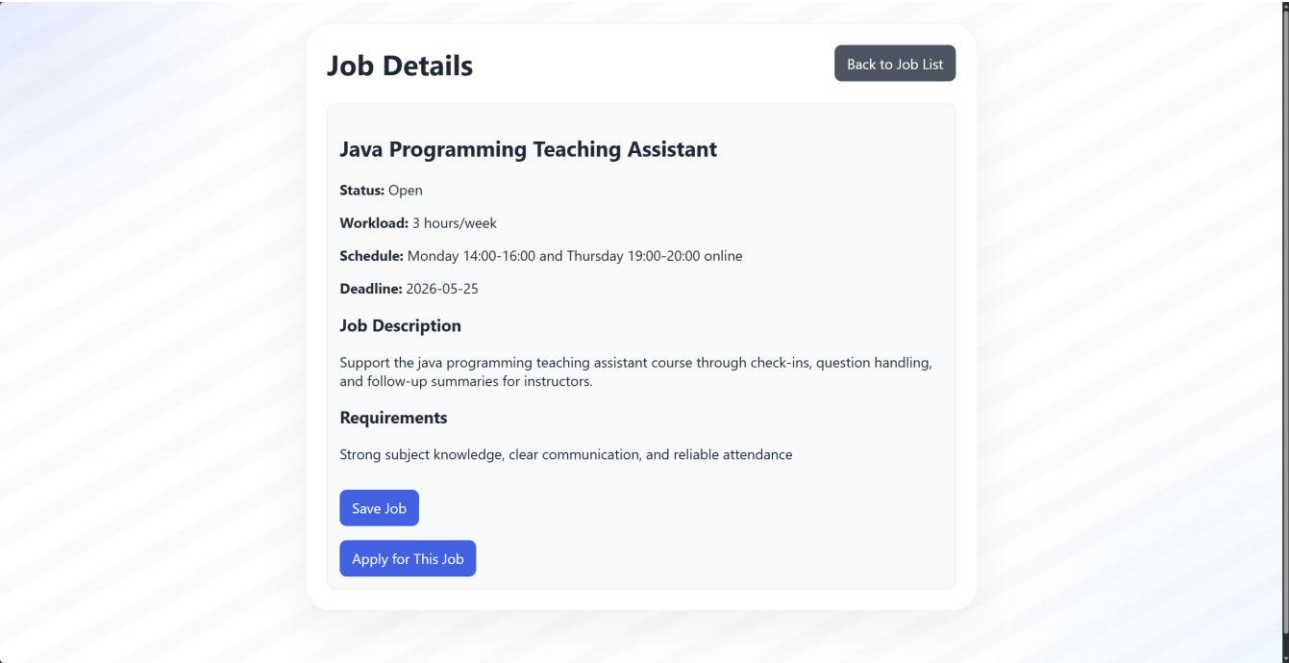

5.4 Viewing Job Details and Applying

Steps:

1. Click View Details / Apply on a job card in the Job Board.
2. Review the job status, workload, schedule, deadline, job description, and skill requirements.
3. To save the job, click Save Job.
4. Click Apply for This Job to submit the application.

Application restrictions:

- Only TAs can apply for jobs.
- The job must be OPEN and must not have passed its application deadline.
- The TA must have saved the profile.
- The TA must have uploaded a resume.
- The same TA cannot apply for the same job more than once.

5.5 Viewing Application Notifications and Progress

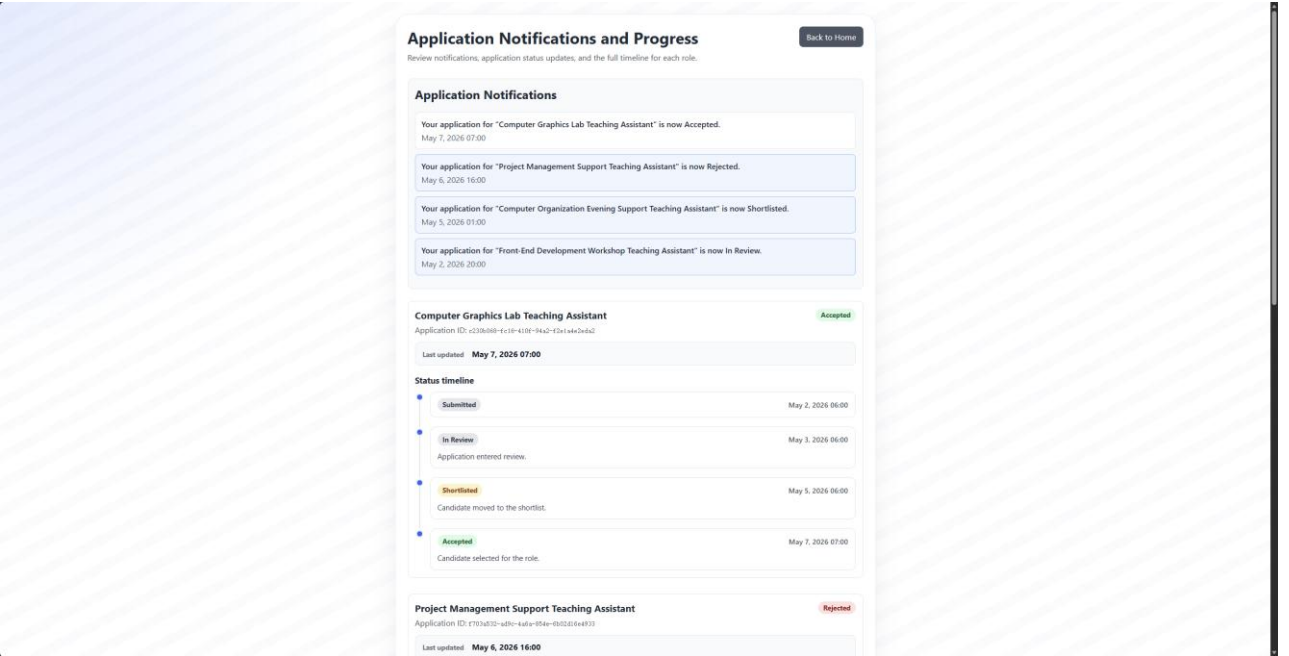

Steps:

- 1. Click Application Progress in the TA Dashboard, or click Messages at the top.
- 2. View Application Notifications.
- 3. View the status card for each job application below.
- 4. Expand the card to view the status timeline.

The application status flow is:

Submitted -> In Review -> Shortlisted -> Accepted / Rejected

When the MO updates an application status, the TA can see the latest change in notifications and in the timeline.

6. MO Instructions

6.1 MO Homepage and TA Directory

After logging in, an MO enters the MO Home. The main area is the TA Directory, and the right side is the Dashboard.

The TA Directory has two modes:

Mode	Purpose
Keyword Filter	Filter TAs by name, Student ID, skills, Programme, and Availability
Candidate Skill Matching	Enter required job skills, and the system sorts TAs by match score

Each TA card displays the TA name, Programme, skills, Availability, and profile status. Click View Profile / Resume to view the TA details and resume.

The right-side Dashboard provides:

- **Jobs I Manage:** The number of jobs posted by the current MO.
- **Total Jobs in System:** The total number of jobs in the system.
- **Unread New Applications:** The number of unread new applications.
- **Post Job:** Post a new job.
- **Job List:** View and manage jobs.
- **Skill Matching Page:** Enter the standalone skill matching page.
- **New Application Notifications:** Notifications for new applications.
- **Job Deadline Reminders:** Reminders for jobs that will close within the next 14 days.

The screenshot displays the TAHub MO Homepage. The top navigation bar includes the TAHub logo, a welcome message for MO 01, a user profile icon, a 'New Applications' notification, and a 'Sign Out' button. The main content area is divided into two sections: the TA Directory on the left and the Dashboard on the right.

TA Directory: This section features a search bar with 'Keyword' and 'Candidate Skill Matching' tabs. Below the search bar, there are filters for 'Programme' (e.g., Computer Science) and 'Availability' (e.g., Wednesday afternoon / Monday). A list of TA cards is displayed, each showing the TA's name, skills, availability, programme, and profile status (e.g., 'Profile completed'). Each card has a 'View Profile / Resume' button.

Dashboard: This section provides a summary of the MO's activity and system-wide statistics. It includes:

- Jobs I Manage:** 4 jobs.
- Total Jobs in System:** 65.
- Unread New Applications:** 5.
- Post Job:** A button to post a new job.
- Job List:** A button to view and manage jobs.
- Skill Matching Page:** A button to access the skill matching page.
- New Application Notifications:** A list of recent applications, including one from Colin Fu for 'Human-Computer Interaction Teaching Assistant' and another from Noah Fang for 'Human-Computer'.
- Job Deadline Reminders:** A reminder for a 'Java Programming Teaching Assistant' job due in 1 day.

6.2 Posting a Job

Steps:

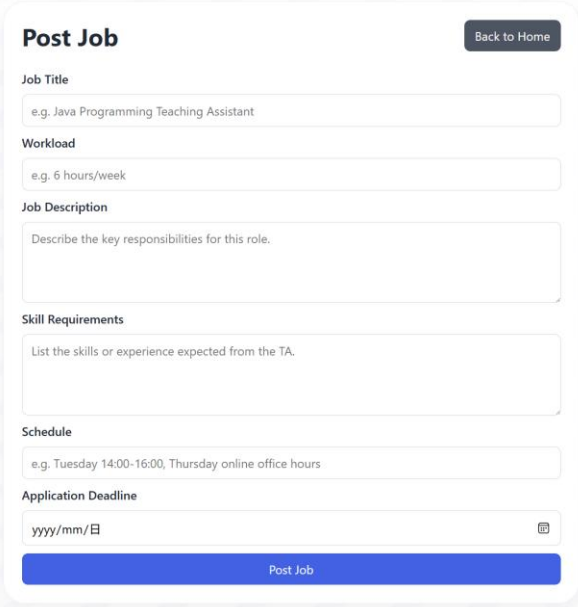

1. Click Post Job in the MO Home.

2. Fill in the job title, work hours, job description, skill requirements, schedule, and deadline.
3. Click the post button to submit.

Required fields:

- Job Title
- Workload / Hours
- Description
- Requirements
- Schedule
- Deadline

After the job is posted successfully, its default status is OPEN.

The screenshot shows a 'Post Job' form with the following fields and labels:

- Job Title**: Text input field with placeholder 'e.g. Java Programming Teaching Assistant'.
- Workload**: Text input field with placeholder 'e.g. 6 hours/week'.
- Job Description**: Text area with placeholder 'Describe the key responsibilities for this role.'.
- Skill Requirements**: Text area with placeholder 'List the skills or experience expected from the TA.'.
- Schedule**: Text input field with placeholder 'e.g. Tuesday 14:00-16:00, Thursday online office hours'.
- Application Deadline**: Text input field with placeholder 'yyyy/mm/日' and a calendar icon.

A 'Back to Home' button is located at the top right of the form. A blue 'Post Job' button is at the bottom of the form.

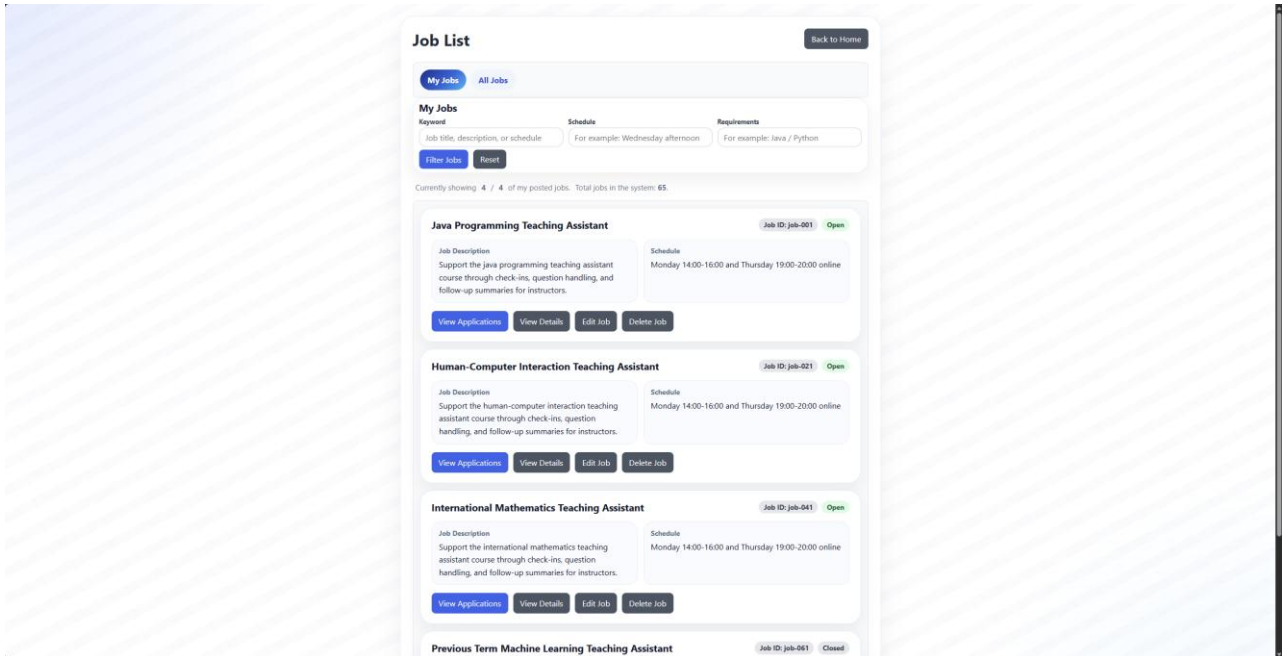

6.3 Viewing, Editing, and Deleting Jobs

Steps:

1. Click Job List in the MO Home.
2. Select My Jobs or All Jobs at the top.
3. Use Keyword, Schedule, and Requirements to filter jobs.
4. In My Jobs, you can click:
 - View Applications: View job applicants.
 - View Details: View job details.
 - Edit Job: Edit a job posted by yourself.
 - Delete Job: Delete a job posted by yourself.

Notes:

- An MO can only edit or delete jobs posted by that MO.
- All Jobs is used to view jobs in the system and does not grant permission to edit jobs posted by other MOs.
- Closed or expired jobs are separated from the open job list into Closed Jobs.

6.4 Reviewing Job Applications

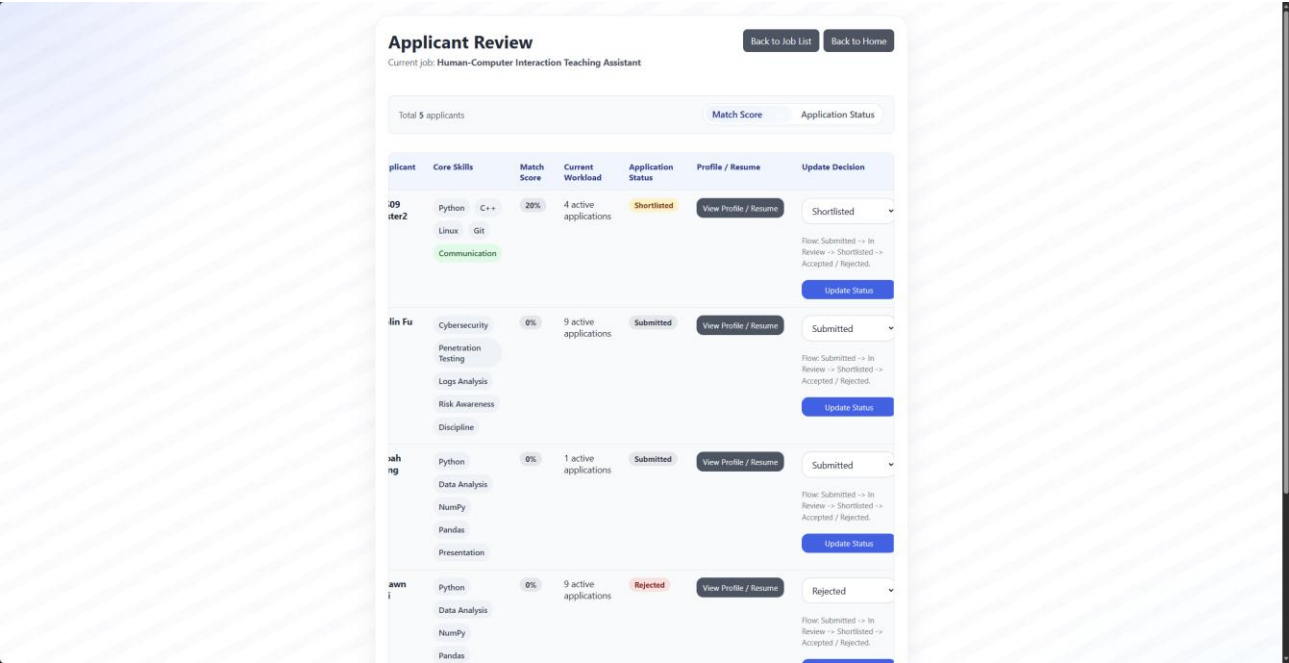

Steps:

1. Find the job in My Jobs.
2. Click View Applications.
3. View the applicant list on the Applicant Review page.
4. Sort by Match Score or Application Status.
5. Click View Profile / Resume to view the applicant profile and resume.
6. Select the new application status in Update Decision.
7. Click Update Status to save.

Status updates follow this flow:

Submitted -> In Review -> Shortlisted -> Accepted / Rejected

The system does not allow an application status to be moved back to an earlier stage.

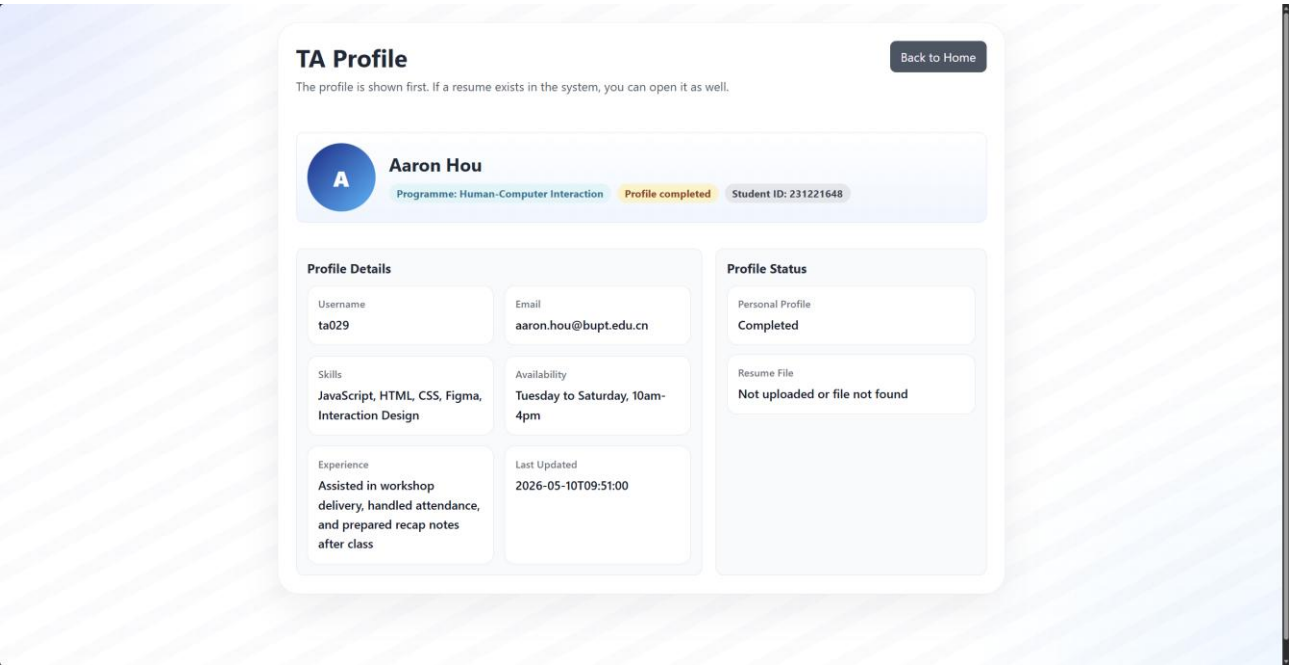

6.5 Viewing Applicant Profiles and Resumes

Click View Profile / Resume in Applicant Review or TA Directory to enter the TA Profile page.

The page displays:

- TA name and status tag.
- Student ID
- Programme
- Skills
- Availability
- Experience
- Resume open button.
- Match Summary, including Matched Skills and Missing Skills.

6.6 Using the Standalone Skill Matching Page

Steps:

1. Click Skill Matching Page in the MO Home.
2. Enter the required job skills in Required Skills, such as Java, communication, and teaching experience.
3. Click Calculate Match Score.
4. View candidates, Student ID, Profile Skills, Match Score, Missing Skills, and Notes.

7. Administrator Instructions

7.1 Admin Home Overview

After logging in, the Administrator enters the Admin Home. The page is divided into a management workspace on the left and a monitoring area on the right.

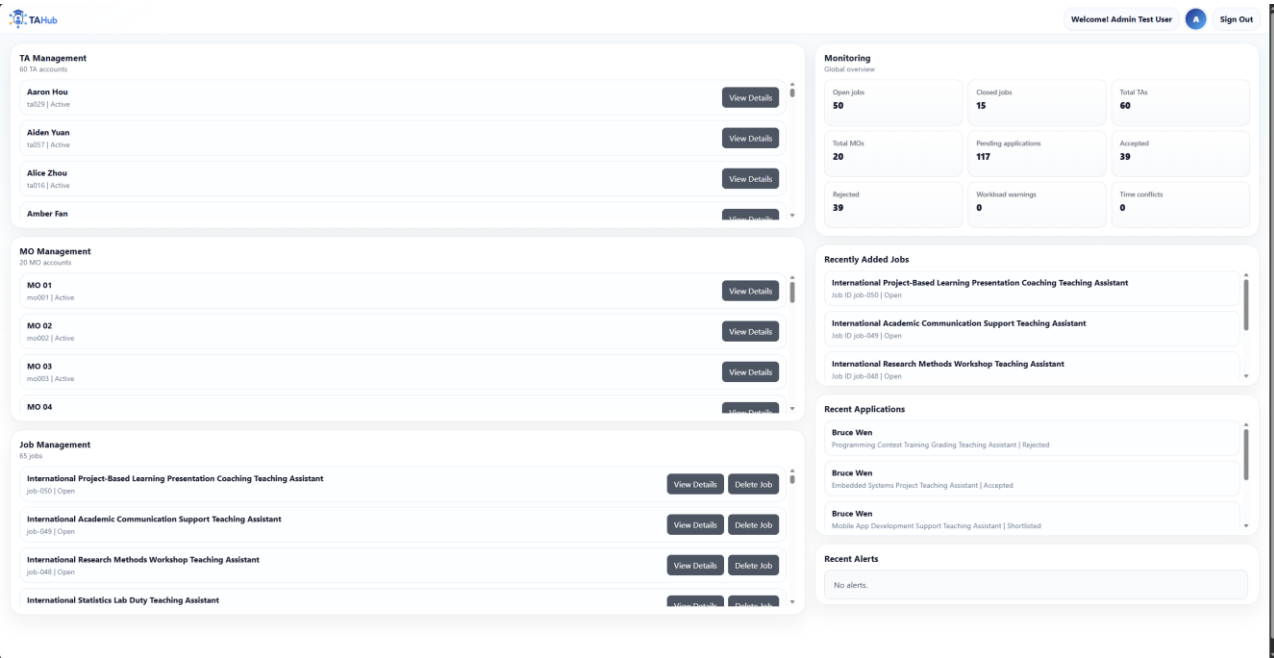

The left workspace includes:

- TA Management
- MO Management
- Job Management

The right monitoring area includes:

- Open jobs
- Closed jobs
- Total TAs
- Total MOs
- Pending applications
- Accepted
- Rejected
- Workload warnings
- Time conflicts
- Recently Added Jobs
- Recent Applications

• Recent Alerts

7.2 Managing TA Accounts

In TA Management:

1. Find the TA in the list.
2. Click View Details.
3. View the Username, Student ID, and account status.
4. The following actions are available:
 - Reset Password: Reset the TA password.
 - Freeze Account: Freeze the account. After freezing, the TA cannot log in.
 - Unfreeze Account: Unfreeze the account.

After a TA password is reset, it is restored to the default password:

ta123456

7.3 Managing MO Accounts

In MO Management:

1. Find the MO in the list.
2. Click View Details.
3. View the Username, MO ID, and account status.
4. The following actions are available:
 - **Reset Password**
 - **Freeze Account**
 - **Unfreeze Account**

After an MO password is reset, it is restored to the default password:

mo123456

7.4 Managing Jobs

In Job Management:

1. Click View Details in the job list.
2. Modify the Job Title, Workload, Deadline, Status, Schedule, Description, and Requirements.
3. Click Save Changes to save.
4. To delete a job, click Delete Job and confirm.

The Administrator can set the job status to:

- OPEN
- CLOSED

After a job is set to CLOSED, TAs can no longer submit applications for that job.

The screenshot displays the 'Job Management' section of the TAHub interface. On the left, a list of jobs is shown with columns for job ID, title, and status. The main area shows the details for the job 'International Project-Based Learning Presentation Coaching Teaching Assistant' (job ID: job-050), which is currently 'Open'. The details include fields for Job Title, Workload (4 hours/week), Deadline (2026/08/31), Status (OPEN), Schedule (Half-day support on project weekends plus one weekday coordination meeting), Description (Help deliver international project-based learning presentation coaching teaching assistant activities by guiding exercises, collecting submissions, and preparing short review notes), and Requirements (Prior high performance in the course and the ability to guide beginner questions). A 'Save Changes' button is at the bottom of the form. On the right, a sidebar shows 'Recent Applications' for the selected job, listing three applications by 'Bruce Wen' with statuses: 'Rejected', 'Accepted', and 'Shortlisted'. Below this, a 'Recent Alerts' section shows 'No alerts'.

8. Application Status and Notification Guide

8.1 Application Status

The system uses the following application statuses:

Status	Meaning
Submitted	The TA has submitted the application
In Review	The MO is reviewing the application
Shortlisted	The TA has been shortlisted
Accepted	Application accepted
Rejected	Application rejected

Status transition rule:

Submitted -> In Review -> Shortlisted -> Accepted / Rejected

The system allows the current status to be retained or moved forward to a later status, but does not allow a status to move back to an earlier status.

8.2 TA Notifications

When an MO updates an application status, the TA receives a notification. The TA can view it in the following locations:

- Application Notifications on the right side of the TA Dashboard.
- Messages at the top.
- The Application Progress page.

8.3 MO Notifications

When a TA submits a new application for a job managed by an MO, the MO receives a new application notification. The MO can view it in the following locations:

- New Applications at the top of the MO Home.
- New Application Notifications on the right side of the MO Home.

9. Frequently Asked Questions

9.1 Unable to Log In

Possible causes:

- The username or password is incorrect.
- The selected role does not match the actual role of the account.
- The account has been frozen by the Administrator.
- The session has expired and you need to log in again.

9.2 TA Cannot Apply for a Job

Possible causes:

- No resume has been uploaded.
- The profile has not been saved.
- The TA has already applied for this job.
- The job has been closed.
- The job application deadline has passed.
- The currently logged-in account is not a TA account.

9.3 Auto-Fill Does Not Complete All Information

Auto-Fill attempts to extract Programme, Skills, and Experience from the uploaded resume. Different resume formats may lead to incomplete extraction results. Please manually check and complete the information after auto-fill, then click Save Profile.

9.4 MO Cannot Edit a Specific Job

An MO can only edit jobs posted by that MO. If a job was posted by another MO, the MO can only view its details.
